The Depository Safe is a smart and convenient way of safeguarding your cash and credit card receipts without jeopardizing security. The drop slot allows you to deposit your valuables without ever having to open the safe. The double compartment unit has an additional benefit, a totally independent lower compartment allows you to give access to your staff for cash trays and floats while ensuring only management has access to upper compartment containing daily cash drops.

FEATURES:

- Solid Steel Plate Safe (1/2" door & 1/8" body)
- UL Group II spy-proof combination lock protected by Drill resistant hard plate
- d-tent bolt system to automatically trigger bolts closed when door is shut
- Full length locking bar to deter prying attack on hinge side
- Front Load deposit door with anti-fish baffles
- 4 bolt down holes to secure to floor
- Grey color finish
